

Nippon COMSYS Launches Operations in Indonesia

— **Solving Social Issues in Indonesia with Technical Expertise Cultivated in Japan** —

Nippon COMSYS Corporation (Head Office: Shinagawa-ku, Tokyo; President and Representative Director: Hiroshi Tanabe) (hereinafter “Nippon COMSYS”) is pleased to announce the official launch of its operations in the Republic of Indonesia as of April 2026.

Nippon COMSYS has cultivated expertise and a proven track record in a wide range of fields, including telecommunications infrastructure, ICT solutions, and social systems-related businesses. Through these experiences, we have developed a strength in social implementation capabilities that contribute to solving social issues and achieving a sustainable society.

In launching our business in Indonesia, we will demonstrate our comprehensive strengths built on our proud solid technical expertise and extensive construction experience across a range of services from telecommunications equipment installation and ICT solutions to social infrastructure development. We also aim to contribute to the sustainable development of Indonesia by strengthening collaboration with local partner companies and customers and expanding a wide range of projects tailored to regional needs.

Nippon COMSYS will mobilize the full power of the entire COMSYS Group, leverage advanced technological expertise, and with a strong sense of mission for social contribution, strive to become a company trusted by the people of Indonesia.
